Technologies and the Future of Writing, Summer 2009

Bolter and Selfe Small Group Discussion Questions

Using the texts as guide, please answer these questions as thoroughly as you can. We will then come back to the group as a whole to discuss.

1. What are “technologies of writing” or “writing technologies” according to Bolter?
2. Define “writing space” and “remediation” in terms of their materiality and the social aspects of their creation.
3. How is Selfe’s definition of technological literacy different from the first one she references (pages 10 – 12)?
4. Thinking in terms of Selfe’s definition of technological literacy, of the “literacy events” (pages 11 – 12) Selfe mentions, which can you accurately say you are literate in?
