Discussion Questions on YouTube and Creative Commons

- 1) What major themes/ideas do the five videos touch on? List 8 – 10.
- 2) Of the 8 – 10 major themes/ideas you listed, choose 3 and discuss at length how YouTube is transforming how we understand those themes/ideas.
- 3) What is the purpose of Creative Commons? How does it challenge our contemporary understanding of authorship, ownership, and creativity?
- 4) Considering what you have discussed above, come up with your own new definitions of community, communication, and culture. How are your definitions different than traditional definitions of the same?
